DEAR MS. ZOHREH REZAZADEH (PRESIDENT OF UNESCO— BMW CLUB)

The Social Foundation for Human Health is going to celebrate 24th January 2024 as “**International Day of Education**” with the UNESCO—BMW collaboration. This mega event has been scheduled to further the mission of both organizations working on education, inner peace, harmony, scientific, and cultural promotion.

Pakistan is a country who direly needs educational reforms due to 23 million children are out of school. According to the UNICEF report; *‘Pakistan has the world’s second-highest number of out-of-school children (OOSC) with an estimated 22.8 million children aged 5-16 not attending school, representing 44 percent of the total population in this age group. In the 5-9 age group, 5 million children are not enrolled in schools and after primary school age, the number of OOSC doubles, with 11.4 million adolescents between the age of 10-14 not receiving formal education. Disparities based on gender, socio-economic status, and geography are significant; in Sindh, 52 percent of the poorest children (58 percent girls) are out of school, and in Balochistan, 78 percent of girls are out of school.’*

This year International Day of Education theme is “**Learning for Lasting Peace.**” Education is a human right, a public good and a public responsibility.

Therefore, it will be marked as grand that will impart the importance of education at every stage.
