## **SHARE YOUR LOVE OF UNESCO & SUPPORT A GOOD CAUSE**

We invite you to support our partners at City Youth Matrix and help them provide for a child whose family would not have the financial means to participate if it were not for their mission.

We believe all children should be able to participate and enjoy the benefits of being in an extracurricular activity like we at UNESCO provide.

City Youth Matrix is a 501(c)(3) nonprofit that helps families with limited resources access a diverse spectrum of extracurricular activities that provide enrichment experiences for their children.
